DEPARTMENT OF ENGLISH  
DEPARTMENT OF ENGLISH

## ABOUT THE DEPARTMENT:

The Department of English was introduced in the college ever since its inception in 2006. It began as a General course and gradually grew into a full-fledged Honours Programme in the 2008-2009 session. The department has five faculty members at present who aim not only to instil in their students a nuanced understanding of English language and literature but also to make them more conscious individuals capable of thinking outside the box. This burgeoning department emphasizes both the need for students to be *conversant* with texts specified in their syllabi and the significance of fluently speaking and writing grammatically correct English as a necessary skill for professional development. The college library is kept well updated with textbooks, reference books and journals on the subject for further aiding the students in this course of study. The Department of English envisions the creation of students who possess a comprehensive understanding of English Language and Literature, whose minds are attuned to several social issues, and who harbour research outlook as well as to produce professionals whose knowledge and fluency in the English language provides them with a cutting edge above other competitors.
