

DEPARTMENT OF GEOGRAPHY
UDAYNARAYANPUR MADHABILATA
MAHAVIDYALAYA

DEPARTMENT OF GEOGRAPHY

The Department of Geography is functioning since the inception of this College from 2006. It has started its journey with the General course. The Honours Course under the University of Calcutta was introduced from 2009. Now the department has extended its capacity up to intake of 31 students in each class as per the suggestion of Govt. of West Bengal. Presently the department is offering both B.A & B.Sc. Honours course to the students.

The department has one full time faculty member along with three State Aided College Teachers and one laboratory attendant. We are privileged as our Principal Sir takes Honours classes on a regular basis. The student teacher ratio of the department is quite satisfactory. Students are nurtured and encouraged for different curricular and cocurricular activities. The department has one ICT enabled classroom, one computer laboratory. The department is well equipped with all necessary geographical instruments and software, topo-sheets, satellite imageries and air photos.

The result of the department is worth mentioning as two students (from 2013-2014 & 2016-2017 academic session) have shown their academic excellence securing 2nd position in University Merit List of B. A/B.Sc. Honours Course. Pass percentage is almost hundred in this department. Many alumni of this department are currently engaged in various governmental as well as private job.
