Department of Sanskrit

Udaynarayanpur Madhabilata Mahavidyalaya

P.O – Udaynarayanpur (Jangalpara), Dist. Howrah, PIN : 711226

History of the Department

The Department of Sanskrit was established in 2008, initially offering a General Course, with the Honours Course introduced in 2010 for Undergraduate students. Initially following an annual system of learning, the department transitioned to the Choice Based Credit System (CBCS) in 2018, while also incorporating the Choice Based Credit Framework (CCF) structure in alignment with University guidelines from 2023.

In addition to the Sanskrit Honours program, the Department offers Sanskrit as a General subject within various Honours courses, such as Geography, History, and Education. This strategic inclusion highlights the department's commitment to promoting interdisciplinary integration of Sanskrit within the broader academic context.

The department has five dedicated faculty members who introduce students to various aspects of Sanskrit studies. Apart from classroom teaching, the department engages its students in various teaching-learning activities in the form of seminars and webinars, wall magazines, and so on to pique their interest. Listening to eminent speakers elaborate on various strands of the subject garners research outlook in the students, paving their way towards higher education. The Department of Sanskrit strives to fulfill its mission of promoting Sanskrit studies in the region and to create an awareness of its role in shaping our cultural heritage as well as in the development of our modernity.

DEPARTMENT OF SANSKRIT

Innovative Teaching-Learning Methodology

In addition to traditional direct teaching methods, we incorporate a variety of engaging teaching methodologies to make learning more dynamic and interesting. These include extended lectures, Seminars and Webinars that delve deeper into topics, allowing for more interactive discussions and hands-on learning experiences. Students also actively participate in presenting their research and ideas using Information and Communication Technology (ICT), which enhances their digital literacy.

We also encourage students to enhance their learning experience by using **"Sanskrit Applications"** on their mobile devices. These apps are designed to make learning Sanskrit more interesting and accessible. By incorporating technology into their learning process, students can practice Sanskrit anytime, anywhere, at their own pace.

To encourage creativity and critical thinking, students are involved in the preparation of wall magazines, where they showcase their work, ideas, and perspectives on various subjects. Which not only enhances their understanding but also fosters teamwork and creativity.

Educational tours are a key component of our teaching methodology, as they provide students with real-world experiences that complement classroom learning. These tours allow students to witness concepts and theories they've learned about in class come to life, making the learning process more engaging and memorable.
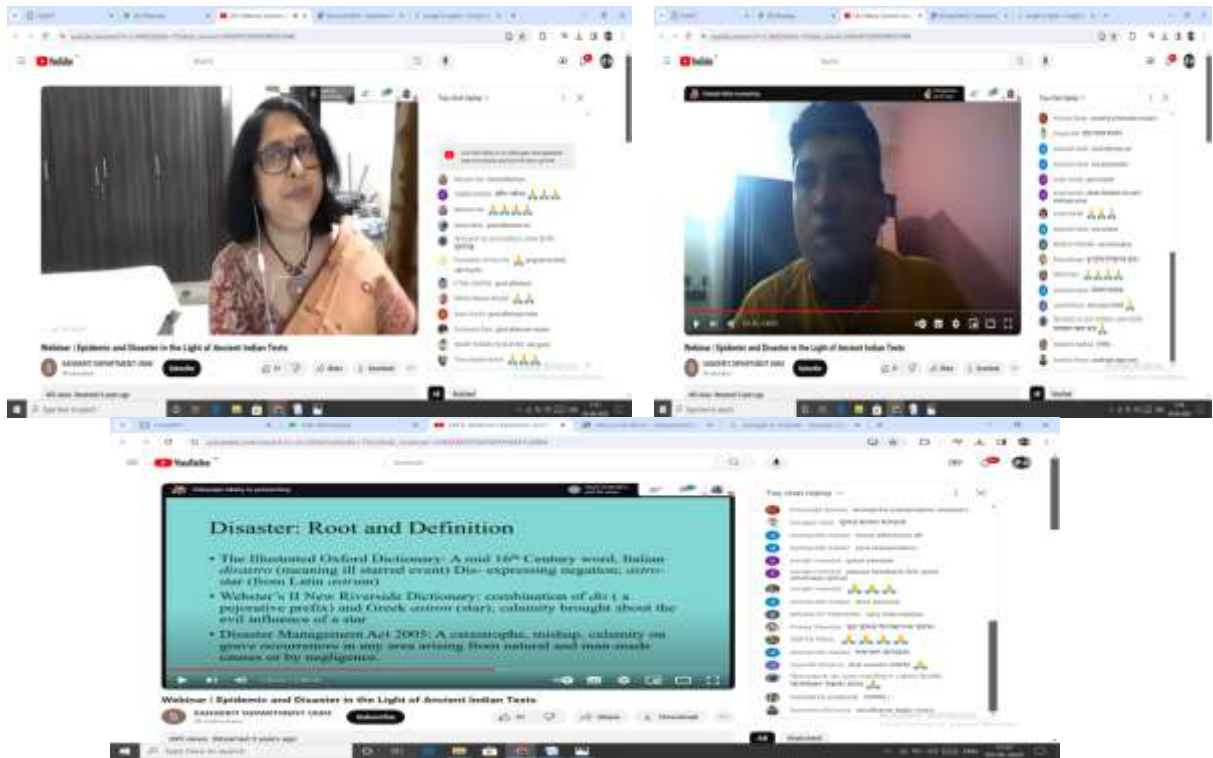

Here are some glimpses of the said methodologies:

* **Seminar on 'প্রাচীন ভারতের ইতিহাস চর্চা- উপাদান, পদ্ধতি ও প্রয়োগ on 26th August, 2017**

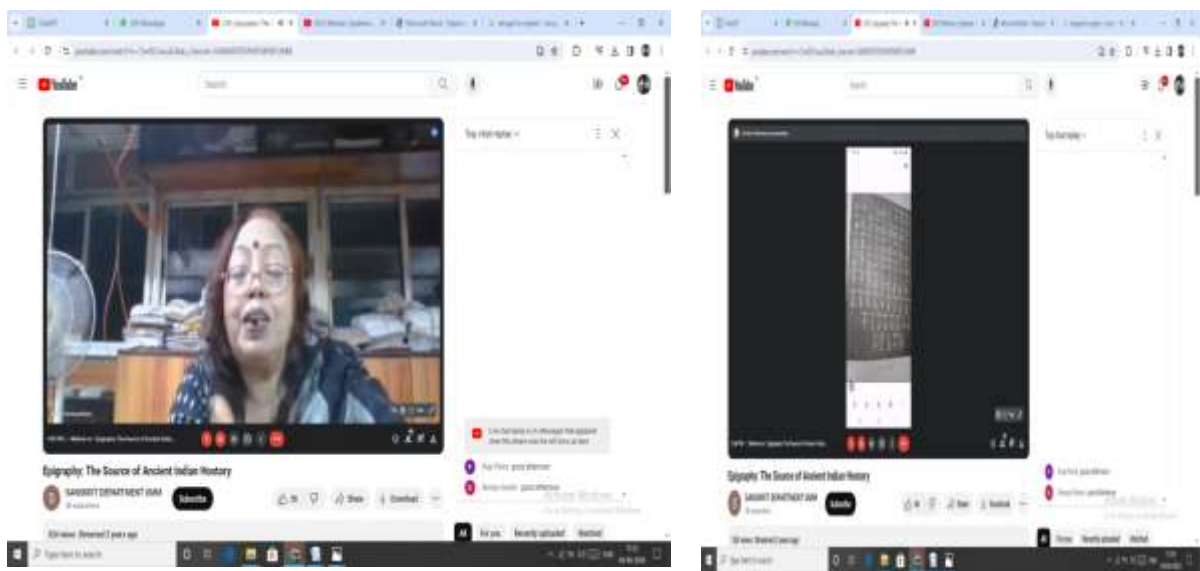

[Detailed Report of the Seminar](#)

- **Webinar on 'Epidemic & Disaster in Ancient Literature' on 13th September 2020**

- **Webinar on 'Epigraphy: The Source of Indian History' on 29th June 2021**

- **Students' presentations using ICT**

- **Sanskrit Application for Teaching-learning method**

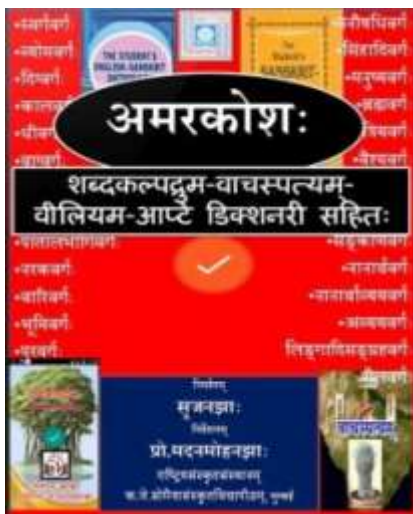

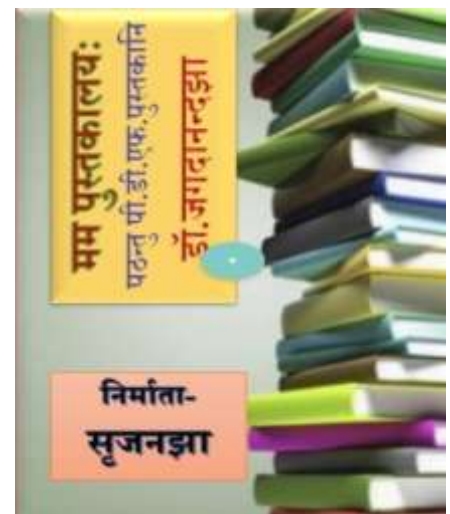

Śabdarūpamālā **Dhāturūpamañjarī** **Aṣṭādhyāī-Sūtrānukramaṅikā**
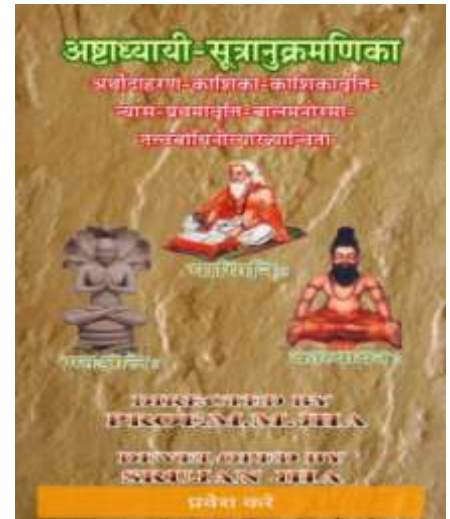

Amarakoṣa **Vācaspatyam** **Mama-pustakālayaḥ**

- **Educational Tour at Bishnupur, Bankura on 20.07.2017**

[Detailed Report of the Excursion](#)

Departmental Activities

➢ **PTM at Department of Sanskrit, Udaynarayanpur Madhabilata Mahavidyalaya**

Dated: 6th Jantuary, 2024

Productive Parent-Teacher Meeting (PTM) at the Department of Sanskrit focused on two key topics: the implementation of the National Education Policy (NEP) 2020 and students' post-graduation opportunities. Faculty provided insights into NEP 2020's impact on Sanskrit education, fostering interactive discussions. Additionally, parents were briefed on diverse career paths available to Sanskrit graduates, highlighting opportunities in research, teaching, translation, and cultural preservation. The PTM showcased the department's commitment to equipping students with versatile skills for success in various fields

➢ **Sanskrit Divas 2023 Celebration collaboration with Purash Kanpur Haridas Nandi Mahavidyalaya**

Dated: August 29, 2023

Venue: Purash Kanpur Haridas Nandi Mahavidyalaya

The Sanskrit Divas 2024 celebration, held in collaboration with Purash Kanpur Haridas Nandi Mahavidyalaya, was a vibrant homage to the Sanskrit language and culture. Students and faculty from both institutions joined in the festivities, which included captivating performances of classical recitations of Sanskrit verses, and soulful renditions of Sanskrit songs. The event fostered cultural exchange and underscored the timeless significance of Sanskrit heritage, leaving a lasting impression on all participants.

➢ Sanskrit Divas Celebration at College

Dated: 28 August, 2018

The spirit of linguistic and cultural richness reverberated through the corridors of Udaynarayanpur Madhabilata Mahavidyalaya as students, faculty, and enthusiasts gathered to celebrate Sanskrit Divas with fervor and enthusiasm. The event, marked by a plethora of activities honoring the venerable language, showcased the vibrant tapestry of Sanskrit heritage and tradition.

The highlight of the celebration was a captivating performance of the timeless Sanskrit play Bhāsa's "Svapnavasavadattam" by the students of Udaynarayanpur Madhabilata Mahavidyalaya. [The recording of the play is available at https://www.youtube.com/watch?v=ONsNT1-ZMrc]

In addition to the enthralling theatrical performance, the Sanskrit Divas celebration featured a myriad of other activities that showcased the multifaceted beauty of the language. Students enthralled the audience with soul-stirring recitations of Sanskrit shlokas and verses, exhibiting their proficiency and mastery of the ancient language. The mellifluous strains of Sanskrit songs filled the air, echoing the timeless melodies of tradition and culture.

Furthermore, the event witnessed the solemn recitation of mantras, symbolizing the spiritual and philosophical essence inherent in Sanskrit literature. Participants immersed themselves in the rhythmic cadence of chanting, experiencing the transcendent power of sound and language.

The Sanskrit Divas celebration left an indelible mark on all who participated, reaffirming the importance of preserving and perpetuating the legacy of this venerable language for generations to come.

➢ Teachers Day Celebration

Students' involvement in extracurricular activities

Student involvement in extracurricular activities has a significant impact on their overall development. These activities provide students with opportunities to explore their interests, develop new skills, and build relationships outside the classroom. Participation in sports, cultural programme, volunteer work, and other activities helps students develop important life skills such as leadership, teamwork and time management. Here are some glimpses-

Youth Parliament Competition, 2022-2023

Spoke and Hub college Meet, 2023

Survey on School Nutrition Garden Under PM POSHAN, 2024

Awareness Rally on Safe drive save life, 01.04.2022

International Mother Language Day, 2020

Uniqueness of the Department

The faculty members of the department share a unified vision regarding the career advancement and psychological development of students. The department is dedicated to standing as a one-stop solution for its students, including the passed-out fellows. It extends help to any affordable degree for the academic perseverance of the students. Emphasizing the development of rational thinking, the department aims to connect students with India's socioeconomic and cultural heritage through a critical study of the Indian Knowledge System.

SWOC (Strengths Weaknesses Opportunities and Challenges) of the Department

The faculty members of the department are dedicated to research-oriented studies. Equipped with adequate technical knowledge, they are capable of coping with the changing phenomenon in academic systems, i.e., the advancement of using digital means for education. The teachers keep them upgraded by participating in various FDPs for more innovation in their teaching-learning practices. The faculty members are available for the students inside as well as outside the classroom for necessary mentorship. Students consistently attend classes and exhibit a keen enthusiasm for learning, which, in turn, fuels the teachers' eagerness to impart knowledge.

The Library lacks a good collection of books, though the purchases made by the college library with the suggestion of the department fulfill students' requirement for books. After the implementation of N-list in the library, students will be able to access their syllabus books online which would be a one-stop solution for the book requirements of the students.

The students are given the opportunity to know the language very systematically. They are also encouraged to use Sanskrit as a spoken language. Special reading sessions are arranged where students are taught to read and recite Sanskrit texts with ease. The department is also dedicated to helping the ex-students pursue higher studies in any possible manner.

For the last three to four years, the number of students admitted to the college has decreased. It has a big impact on the Sanskrit department as well. Accepting this challenge, we have to try to make the students college-oriented. Introduction of new add-on courses and job-oriented courses can solve this problem. There is optimism that the implementation of NEP, 2020 will bring about positive change.

Future Plan

1. The department looks forward to introducing more Add-on courses for the students. 2. It also plans to make students more aware of the MOOC (SWAYAM) courses and expects a higher number of students enrolling in the courses. 3. More emphasis is to be given to the usage of audio-visual content for teaching the students. 4. Introduce PG programme in Sanskrit. 5. Create more awareness among students about IKS 6. Set up a Language Lab. 7. Develop a Departmental Library. 8. Increase the number of extended lectures, Seminars and Webinars.
